Dear Mr Maxwell *David*

I refer to the requirement for the Ginninderry Joint Venture to develop a series of plans to comply with the approval of the West Belconnen Strategic Assessment under the provisions of the Commonwealth's *Environment Protection and Biodiversity Conservation Act 1999*. The plans:

- Ginninderry Conservation Corridor Plan of Management;
- Pink-tail Worm Lizard and Box-Gum Woodland Offset Plan;
- Gooromon Grasslands Offset Management Plan; and
- Construction Environment Management Plan Framework,

are comprehensive documents that address all facets of management of the Ginninderry Conservation Corridor and the offset areas and are approved.

Please contact [REDACTED] if further information is required.

Yours sincerely
