Dear Ms Featherstone

West Belconnen (Ginninderry) Strategic Assessment – Program Review Report

Thank you for your email of 28 June 2023 providing the Ginninderry Strategic Assessment Program Review Report required under section 7.1.2 of the endorsed *Program Report – Urban Development at West Belconnen* (AT Adams Consulting, April 2017) (Program).

On 21 June 2023, Department of Climate Change, Energy, the Environment and Water (the department) agreed to extend the due date of the Program Review Report from 18 January 2023 to 28 July 2023. This was to allow Riverview time to respond to comments made by the department on the Program Review Report, as submitted by Riverview on 16 January 2023.

Thank you for considering and incorporating the department's comments. The department considers that it would be beneficial to use the guidance structure framework in the next Program Review Report, as provided in the department's comments of 18 April 2023. This would improve clarity on how Riverview is tracking towards meeting the commitments of the Program. Additionally, it would be useful to include a commitment summary table that is specific to the Program Review Report.

I note Condition 20 of the approval requires the reports to be published on the internet for public information. Please ensure the reports are published on the relevant website within one month of the date of this letter. I would appreciate if you could please provide the department with a weblink to the published report.

Thank you for coordinating the delivery of the reports and your ongoing engagement with the department on the Ginninderry Strategic Assessment.

Yours sincerely
