

What's in a Name?

‘Ginninderry’ is derived from an Aboriginal word meaning *‘sparkling’* or *‘throwing out little rays of light’*.

The use of this word, Ginninderry, symbolises the importance of our historically significant waterways, the Murrumbidgee River and Ginninderra Creek, that surround your community and our ongoing connection to Country. The various ‘sparks’ used as the Ginninderry logo change and adapt, just as light changes as it reflects off water.

The name Ginninderry was chosen following two years of research and consultation with the project’s People and Place Group (PPG), a forum of key local stakeholders. The team worked closely with the Australian

National University, the Australian Institute of Aboriginal and Torres Strait Islander Studies and the local First Nations community to ensure all available linguistic records were considered.
