## CYCLING EVENT FEBRUARY 220, 2025 | ROAD CLOSURES ADVICE

Dear residents and purchasers,

I am writing to provide notice of an exciting event that Canberra's two road cycling clubs have organised that will take place this coming weekend in Ginninderry.

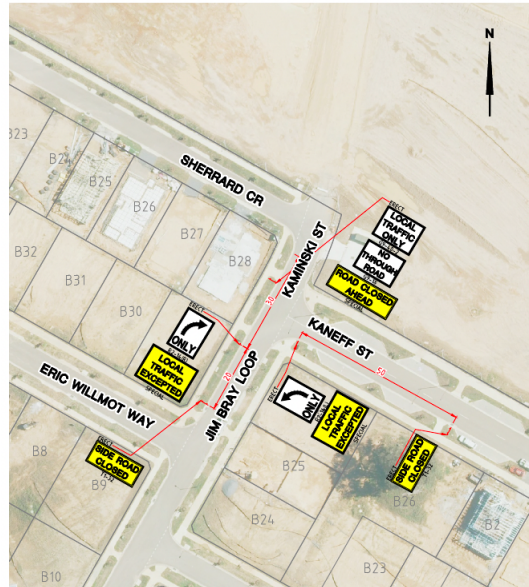

We are running a criterium race in the subdivision during Saturday morning – a race for all our riders Junior and senior across all grades in succession.

In order for this event to proceed, a number of short-term road closures will be in place throughout Saturday morning (from 8:30am to 12:30pm). Please see below diagrams for detail.

*Vikings Cycling Club ACT*

Supporting cyclists of all levels

During the period of the closure roads forming part of the course for the race (shown in blue) will be closed to all traffic while each grade is racing. Access into the closure zone will be available for waiting traffic at the conclusion of each grade race (each lasting 30-45 minutes).

Anyone wishing to leave this zone by road will need to leave prior to 8:30am and return only following 12:30pm or contact the event organiser to arrange an exit window between races. It will be possible to enter this area on foot, parking just outside the road closure area. All pedestrians should be mindful of the race in progress between 9am and midday and expect bikes (either individually or as a bunch) to be travelling on that circuit of speeds comparable to a motor vehicle.

We thank you very much for your support of our event and patience with the road closures on Saturday morning. Please feel free to come out and watch the race (best from Lemaire Tce or Kaminski St (adjacent to intersection with Lemaire Tce) if you are interested. We ask that while you are in the area at this time you kindly follow the direction of race officials in the interests of everyone's safety.

If you have any queries in relation to this special event please feel free to contact me directly.

Kind regards,

Vanessa Judge
