Dear Mr Maxwell

### **Ginninderry Conservation Corridor Management Plan**

Thank you for the opportunity to review the Ginninderry Conservation Corridor Management Plan 2023-2033. Conservation Programs, Heritage and Regulation (CPHR) have reviewed the document provided in conjunction with the Ginninderry Offset Management Plan and have the following comments to make.

The actions in the Plan align with the Ginninderry Biodiversity Certification Agreement and Order, and with good conservation practice generally.

CPHR notes the information provided in the letter accompanying the Plan, regarding maps for the NSW side of the Corridor:

“We note DCCEEW requested an update to the plans to reflect the NSW side of the corridor to essentially reflect the Ginninderry Biodiversity Certification Agreement. These updates have not yet been done as the Ginninderry Conservation Trust is yet to be gifted any land in NSW as the development front has not entered NSW”

CPHR notes and accepts that the mapping will be updated in 2028 as part of the Plan review scheduled, at which point the NSW mapping will be refined and will reflect the Biodiversity Certification.

If you have any further questions about this issue, please contact Ms Allison Treweek, Senior Team Leader Planning South East, at [rog.southeast@environment.nsw.gov.au](mailto:rog.southeast@environment.nsw.gov.au).

Yours sincerely

Allison Treweek 26/06.2025
